The Olympic Games Medal Tally Competition

It is with great excitement that I am now able to announce the ‘known’ winners of this competition. I am so impressed with all of the students AND families that had a go and had a bit of fun! It was very challenging to establish a first, second and third place winner but with a mathematical mind, I was able to do so. Below are the results.

The gold medal went to an unknown competitor and I look forward to finding out who you are.

The silver medal was shared by Cameron 3/4M and the Gedge family.

The bronze medal was shared by Trixie 2/3K and the Dibb family.

Big congratulations to all of our contenders. It was especially pleasing to see that many of the entries utilised all 3 strategies to develop answers. An official awards ceremony will be held at next Monday’s assembly.
The Wonderful FOWPS
On Friday night many of our students enjoyed a school movie night. The movie ‘Zootopia’ was screened in the school hall and a fun night was had by all. Our students are very lucky to have an active and very giving group of parents and on this occasion the FOWPS worked together to organise a most successful evening.

Buildings and Grounds Team
The Buildings and Grounds Team has done it again! We now have an upgraded sandpit in the Foundation Playground. The sandpit was made bigger, filled with fresh sand and now has seating around the edge. Again, we have been very lucky to have the expertise and generosity of the parents who make up this team as they strive to improve our playground and our school.

A big thank you to each of these groups.

Before & After Care News

This week we completed our “Rubbish Penguin”. It is proudly on display in the Multi, however not so proud are the children that it was decorated with school litter!! It was created after much discussion around sustainability and the effects of littering. We discussed where litter goes and the effect it has on wildlife. We also discussed and designed “woollen jumpers” for penguins affected by environmental disasters. These are also on display.
